Profile

Junior Software Developer with training from Code Institute. Skilled in HTML, CSS, JavaScript and Python. Strong team player with good communication and problem-solving skills. Seeking an opportunity to grow and contribute within a progressive development team.

Education

📅 **PRESENT**

Bookkeeping | Level 1
AAT
- Introductory bookkeeping qualification
- Teaches basic bookkeeping principles
- Prepares for VAT and payroll basics

📅 **03/2023 – 03/2024**

Level 5 Diploma in Web Application Development | Pass
Code Institute - WAES
- Mastered front and backend development techniques, which equipped me to design and develop effective webpages.
- Completed four projects that showcased my proficiency in web development, helping to solidify my skills.
- Created accessible and visually appealing webpages for assessments, ensuring they met review standards and user needs.

📅 **09/2018 – 06/2021**

History | 2:2
York St John
- Conducted in-depth research on diverse historical topics, which enhanced my analytical skills and understanding of complex narratives.
- Authored research papers evaluating significant historical events, helping me communicate findings clearly and effectively.

Work experience

📅 **02/2022 – PRESENT**

Internet Safety Evaluator
Telus
- Evaluated and provided expert feedback on online results to enhance overall content quality.
- Reviewed potentially upsetting or offensive material, helping to maintain a safer and more secure browsing environment for users.
- Assessed video content for relevance and quality, ensuring that unsuitable material was filtered out and improving the overall user experience.

Projects

Developer
Typer
- A website to test typing speed and accuracy with a score-based system (JavaScript).
- **Live site** - https://jaeg99.github.io/Typer/index.html
- **Github**- https://github.com/JAEG99/Typer

Developer
Camping Store
- A website to function as a store to buy camping equipment. Featuring checkout system, accounts, product specifications and full database.
- **Live site -** ELEPHANTSQL deactivated
- **Github** - https://github.com/JAEG99/Camping?tab=readme-ov-file

Achievements

- Content moderation success rate currently at 95%.
- Continually deliver SLAs regarding turnover time to ensure that all targets that we are clients of are met.
- Provided moderation support to peers, including feedback on their own analysis which has enabled them to boost performance in their work.
- Received praise for my performance and have been repeatedly offered extra work and overtime due to my effectiveness.
- I am especially proud of having taken the initiative to speed up my work by creating my own macro in which to do my role with more efficiency. This saved me up to 30 plus hours a week.
